MODERN STEEL™

collection

Modern Steel™ Collection garage doors perfectly complement contemporary and mid-century modern home styles. Doors are available with or without grooves in multiple paint and Ultra-Grain® finishes to create the perfect look for your home.

intellcore®
insulation technology

Warmer. Quieter. Stronger.

Garage doors featuring Intellcore® insulation technology represent the ultimate smart choice for homeowners. Clopay's Intellcore is a proprietary polyurethane foam that is injected into our Modern Steel™ Collection doors, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, and with one of the industry's leading R-values of 18.4, it provides year-round comfort and improved energy efficiency.

STYLE

Modern Flush

(9202, 9201, 9132, 9131, 4302, 4301, 4132, 4051, T42F, T41F, T51F, T40F)

Modern Grooved

(9205 and 4305)

CUSTOM PAINT OPTION

Color Blast™ offers more than 1,500 Sherwin-Williams® color options to complement your home. Clopay's durable factory finish has been thoroughly tested and is backed by a five-year warranty.

COLORS

- Exterior steel on standard color flush doors has a natural woodgrain texture. Grooved doors have a stucco texture.
- Doors can be painted to match the home's exterior using a high-quality latex exterior paint. Do not use oil-based paint.

**Popular in select markets, Glacier White is a brighter white.*

†Not available on 4132, 4051, 2-Layer or 1-Layer Models.

‡Not available on 9202, 9205, 9132, 4302, 4305, 4132, 2-Layer or 1-Layer Models.

ULTRA-GRAIN® PAINT OPTION

*Due to the printing process, colors may vary.
Not available on 9132, 9131, 4301, 4051, 2-Layer or 1-Layer Models.*

Ultra-Grain® painted steel surface with woodgrain texture simulates a real stained door without the need of staining or the ongoing maintenance of wood.

Windows

GLASS

*Complements Clopay Entry Door glass.

Double strength glass is standard. Optional obscure, 3/4" insulated and 3/4" insulated obscure glass are available.

Additional Features

- Weathertight tongue-and-groove section joints help seal out wind, rain and snow.
- Replaceable bottom weatherseal in a rust-proof aluminum retainer helps prevent elements from entering garage.
- Patented Safe-T-Bracket® helps prevent serious injury that could occur if the bottom bracket were removed with the garage door closed and under tension.
- Nylon rollers are smooth and quiet.
- Galvanized steel hinges attached to backup plates are durable, reliable and secure.
- Prepainted white end stiles and interior steel backing create a clean, finished appearance.
- Inside/outside step plates and grip handles make doors easy and safe to operate.
- See your Clopay Dealer for WINDCODE® door availability.
